In 1913, the founding members of Actors' Equity Association (AEA) drew a clear line between the actors of the legitimate theatre that they sought to organize and other performers, conceived of as non-actors. Since then, theatre and labor relations

bargaining organization, overlooking how it has continued to determine the very artistic practices that constitute what is and isn't acting. This presentation discusses immediate and long-term implications for acting (and its others) of AEA's jurisdictional disputes, rulings, and arbitrations, considering a collection of both little-known cases (e.g. Jumbo, 1935) and infamous ones (e.g. Miss Saigon, 1990) that have fundamentally shaped acting as an artform and occupation. accessibility needed during the ongoing COVID-19 pandemic.

The 12th Annual International Science of Team Science

Conference hosted by Virginia Tech aims to advance our

understanding of collaborative initiatives that address

discussion and engagement infused with the principles of team

science. While we were looking forward to welcoming you to the

multidimensional complex societal problems. The theme of the SciTS 2021 is Science of Team Science and the Human Condition. As a point of convergence between science and practice, the conference will provide a platform to investigate contributions that team science research can make to addressing urgent contemporary challenges. This year's conference will highlight the interface of the science of team science with challenges such as: \* responding to megadisasters (e.g., the COVID pandemic, hurricanes, and fires), \* curtailing systemic racism and the need to create and implement anti-racist policies and practices, including technologies, and \* grappling with challenges in large growing metropolitan regions, such as equitable economic growth, affordable housing, education,

healthcare, food scarcity, infrastructure systems (including IT

Submission Requirements Submit proposals using this <u>Google Form</u>. Please note that proposals must be prepared for anonymous review.

PPN Conference Workshops are 60 or 120 minutes, interactive,

participatory, and highly collaborative sessions. The goals of these

sessions are (1) to engage in skill building or information sharing

related to a project in public philosophy, (2) to foster partnerships

and projects, whether new or ongoing, and (3) where appropriate,

practitioners (e.g., policymakers, government officials, grassroots

specify the desired workshop length (60 or 120 minutes). **Lightning Talks** Papers or Project Reports. PPN Conference Lightning Talks should focus on specific topics in public philosophy or reflect on the practice of public philosophy, broadly construed. These 5-7 minute tightly-organized talks can make particular arguments about issues of public importance, report on central questions relevant to public philosophy practice, or offer insights on specific public philosophy projects such as program design, participants, and relevant outcomes. Accepted proposals will be grouped into conversationfocused sessions, facilitated by a moderator. We highly discourage reading of papers and prefer presentations in a conversational

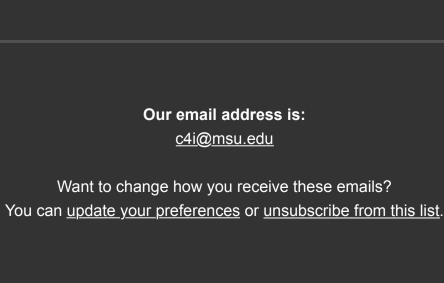

tone alongside, if desired, no more than three PowerPoint slides or

other multimedia resources. Lightning Talk Proposals should

include the title and an abstract of no more than 300 words.

Organized Panels

PPN Conference Panels are 90-minute sessions that group at least three speakers around a shared public philosophy theme, including (but not limited to) book sessions, philosophical issues in public philosophy, or policy problems and how philosophers have or may engage them. Panels should be discussion-based and conversational (i.e., not formal presentations of papers). Panelists may deliver short presentations (no more than 10 minutes each) that engage with each other around a central theme or area. Panels should provide substantial time for audience discussion. Panel Proposals should include the title (including the title of each individual presentation) and an abstract of no more than 300 words. Abstracts due March 31, 2021. Please submit via Google Forms.
